Susan Buchan, Director

Controlled Construction Program for Commercial Projects (Design Professional Submission Form)

Permit

Date: _____

All applications for Building Permits that are subject to the County's *Controlled Construction* program, under the applicable sections of the Cochise County Building Safety Code, must be accompanied by a copy of this form completed by each of the design professionals that are responsible for the proposed project.

- 1) All plans shall be stamped and signed by a registered professional architect or engineer; said signature and seal shall signify that the plans, computations and specifications meet the applicable provisions of the Cochise County Building Safety Code, all acceptable engineering practices and all applicable laws and ordinances.
- 2) The registered professional architect or engineer shall performed the necessary professional services and be present on the construction site on a regular and periodic basis to determine that, generally, the work is proceeding in accordance with the building permit.
- 3) The Architect or Engineer shall submit a periodic progress report with any pertinent comments and all deviations from the approved plans. The time period of inspection reports shall be decided prior to the issuance of a building permit depending on the size and scope of the project.

Reports shall be made at the following times (to be filled out by the Building Division):

The Architect or Engineer must complete the following project information as per the Cochise County Building Safety Code.

Architect or Engineer: _____
