

# How to use Redistricting Board Of Supervisor (BOS) District Scenario 1 Web

Access the web map via:

<https://cochise.maps.arcgis.com/apps/webappviewer/index.html?id=a387fa7719b14dfe80c64c720f49031b>

Note: The web mapping application does not work using Internet Explorer. Please use Chrome, Bing, Firefox or a similar web browser.

## Map Display:

Within the Map Display area you can pan and zoom to change the display area. If you click on an area of the map, a “pop up” window will display information relating to the Census Block and BOS Scenario 1.

As you zoom in additional layers will be displayed, such as Census Block population and Street name.

## Tools:

Use the “Basemap Gallery” tool to change the background from Aerial to another image.

Use the “Layer List” tool to turn on or off layers such as Parcel boundaries, Address points, etc.

After turning on the layer “BOS2021 - No Change”, use the “Swipe” tool to show the difference between No Change and the other layers displayed.
